

DATA RECOVERY SERVICE PLAN

TecLeo

DATA RECOVERY LAB

HELPING YOU LOOK AFTER YOUR DATA

WHY

DO I NEED A DATA RECOVERY SERVICE PLAN?

Hard drives, solid state drives and mobile devices fail without notice even within the manufacturer's warranty period. Such is life and then we also make mistakes. It is not a question of IF but rather WHEN will you experience data loss due to a storage device failure.

When it does you can return the device to have it repaired or replaced depending on the warranty terms **BUT YOUR VALUABLE DATA WILL BE LOST FOR EVER.**

Why is that you may ask, well the manufacturer warranty only covers the hardware - they do not accept any responsibility for your data as making regular back-ups are considered your responsibility much like wearing a seatbelt or maintaining your vehicle.

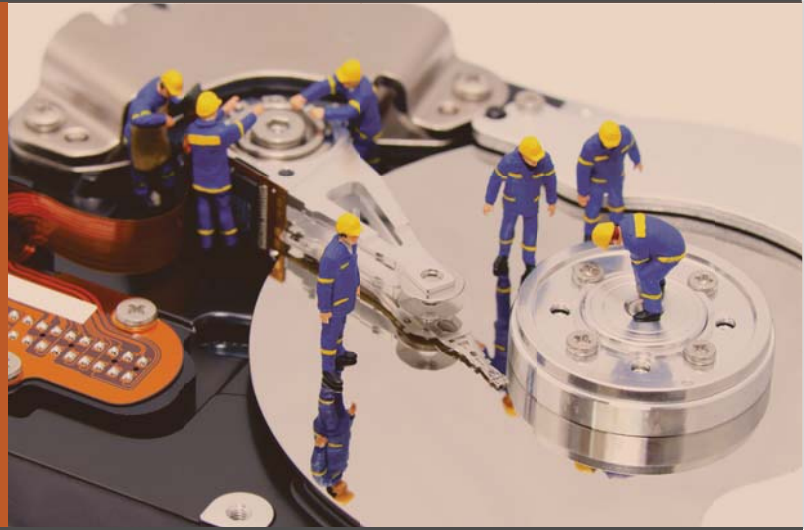

DATA RECOVERY SERVICE PLAN

WHAT IS THE TECLEO DATA RECOVERY SERVICE PLAN?

This is a hard drive, solid state drive and mobile device data recovery service plan and NOT a warranty or insurance.

The plan can be obtained for new devices, valid for two years, and allows for one electro-mechanical (hardware related) or logical (software related) data recovery attempt includes all parts, spares and labour, at our normal service level during this period.

*THIS IS A DATA
RECOVERY SERVICE
PLAN AND NOT A
WARRANTY
OR INSURANCE.*

WHAT ARE THE ADVANTAGES?

- **PEACE OF MIND** that in the unfortunate case where your device fails, and you do not have a current backup available, that the recovery will be undertaken by professionals specializing in data recovery since 1999.
- **NO MORE GUESS WORK** and running around in finding a reliable data recovery company when the smelly stuff hits the fan.
- **NO BUDGET SHOCKS** as you can now have a fixed price valid for two years - you get your data recovered at last year's prices.

WHERE DO I START?

Give us a call at **012-665-2945** or send an email to sales@datarecovery.co.za

Terms and conditions apply.
