NOTES

1. Issuing of the VAT 262 form

This form is to be issued only when goods are **temporarily admitted into the RSA** for the purposes of being repaired or serviced.

This form does not replace the applicable declaration form required for Customs purposes, (i.e. the CCA1 or the Bill of Entry), and it is essential that the relevant Customs declaration form be completed and clearly marked "temporarily imported for the purposes of being repaired or serviced."

A provisional payment may be required on the imported goods as security for the VAT. A DA 70 form must be issued if security for the VAT is required.

The ORIGINAL page of the VAT 262 form, together with the applicable copy of the CCA1 / Bill of Entry, as well as a copy of the DA 70 form, (if applicable) must be filed in the RSA Customs "Temporary Imports" file.

On removal / re-exportation of the goods, the original import documents **must** be acquitted (even if a DA 70 was not issued), and if applicable the provisional payment may be refunded. If the documents are not acquitted within 30 days from the date of the temporarily import, the provisional payment may be subject to forfeiture or where a provisional payment was not required, the importer must pay the VAT.

2. Services

The supply of services directly in respect of goods temporarily admitted into the RSA from an export country, where the importation of the goods is exempt from VAT in terms of Item No. 470.01/00.00/02.00 in paragraph 8 of Schedule 1 to the VAT Act, may be supplied at the zero rate.

(See Section 11(2)(g)(ii) of the VAT Act.)

3. Goods

In the course of providing the services that are zero-rated in terms of section 11(2)(g)(ii) of the VAT Act, certain goods will be supplied as part of the service. These goods may also be supplied at the zero rate where they are:

- (i) Wrought into, affixed to, attached to or otherwise form part of the goods which have been temporarily admitted; or are
- (ii) Consumable goods which become unusable or worthless as a direct result of being used in the repair, renovation, modification or treatment Process.

(See Section 11(1)(b) of the VAT Act.)

4. Registrable goods

Registrable goods means goods consisting of any aircraft, ship or other vessel, motor cycle or other vehicle, caravan or trailer in respect of which any form of registration is required under law in force in the RSA or any similar law in force in an export country.
